DROP-IN COLLAR COVERS HEAVY DUTY

ASTM-A36 CARBON STEEL DROP-IN COLLAR COVERS HAVE A NON SKID SURFACE. RATED FOR H-20 SINGLE POINT WHEEL LOADING FOR VEHICLE TRAFFIC UNDER 25MPH. LOW EFFORT FRAMELESS SOLUTION. 2" LIP ALLOWS FOR PROPER SUPPORT. 2" DEEP COLLAR TO HOLD COVER CENTER IN HOLE. NOT FOR HIGHWAY USE. PAINTED BLACK FINISH. MADE IN USA.

Every cover is custom-made to your specification, and we look forward to helping you find a solution that works! Keep in mind, the Drop In Collar style will have a lip, and will not be flush with grade unless you are able to create a recessed frame. Choose your collar dimensions to get started building your drop-in collar replacement cover:
